New Website Release – *de la Parte & Gilbert, PA*

CLEARWATER, Fla. (April 28, 2012) The law firm of de la Parte & Gilbert was founded in 1975 and is based in downtown Tampa. The firm has been involved in shaping much of the law that affects Florida’s environmental, health, social services and governmental policies. de la Parte & Gilbert serves a diverse portfolio of state, national and international clients, and while their lawyers practice in over 20 areas of law, the firm’s focus is primarily in Business Transactions, Environment , Government , Health Law and Litigation.

de la Parte & Gilbert is “AV” rated, the highest rating awarded by Martindale-Hubbell. They recruit and retain highly skilled, sophisticated lawyers rated among the best in the profession. Five of the shareholders have received the top “AV” rating by peer evaluation awarded by the Martindale-Hubbell Law Directory. Three are also Florida Bar board-certified.

de la Parte & Gilbert’s old website was outdated and didn’t do an adequate job promoting the firm’s areas of expertise. K.Tek created a site that is dynamic and vibrant, which will lead to greater internet

traffic, as well as help to provide information about the firm more effectively. More detailed profiles of the firm’s attorneys were created to include downloadable V Cards and their service areas were expanded to provide a fuller scope of their experience. A second site, Optimized for Mobile Phones, was also developed to provide access to the firm for smart phone users. K.Tek is thrilled to be a continued business Partner of de la Parte & Gilbert. To learn more about de la Parte & Gilbert please visit their website at: www.dgfirm.com
